

Please note that an entry indicating a suspension or revocation MAY merely reflect that a licensee has elected not to renew the license. If you are concerned about the meaning of a particular entry or the reason why a licensee is in suspended or revoked status please contact the Division at WebReal@com.state.oh.us (mailto:WebReal@com.state.oh.us).

WARNING:

- Prior to March 1, 2007, not all course providers submitted their rosters electronically and therefore those courses may not be on this list.
- Courses listed may have been used to fulfill a previous CE Reporting Cycle. Credit for CE Courses may be used **ONLY Once!** Please be sure you have not already used any listed course in a previous reporting cycle.
- The Division will accept certificates for approved courses not on the list that were not previously submitted for CE credit. When submitting continuing education to the Division, please include the certificates totaling the 30 hours that you want applied to your current deadline.
- By law, CE providers have 10 days to complete the Course Rosters Entry. If more than 10 days have passed since taking your CE course, contact the provider directly. Only the Provider may post the roster.
- Distance Education Courses are assigned a generic date of either 1/1 or 12/31.
- Please be aware that the Sales or Broker 10-Hour Post-Licensure Courses **CANNOT** be used to fulfill **ANY OF YOUR THREE-YEAR** Continuing Education Requirements. Proof of attendance of the post-licensure course must be submitted to the division within 12 months of initial licensure to avoid suspension.

A license status of revoked does not necessarily mean that the license was revoked due to disciplinary action. Please call the Division for further details if needed.
